WILLIAM ORMOND Jr's JOURNALS

from

July 10th, 1791, to December 12th, 1792.

Sunday July 10th, 1791. I now am at Bro. Lawrences (Tarriver Circuit, North Carolina) & find myself happy, & have just renewed my Covenant with God to walk more upright & discourse less about non-essentials. I have to dispute with a Sister about her believing God's not willing she should get her Soul Converted. Also she Concludes it's God's will for her to commit Sin, & after I said much on the subject she went off tried with me. I now start for Bro. Moores sweetly composed in mind. I took a wrong path but was righted by a Stranger. Came safe & Preached with life & liberty to a large Auditory. One Professed to receive Convirting grace & Several stired up. I have returned to Moores from Church & find the heat has hurt me. In the evening got refreshed & enjoyed happiness of Soul.

Monday 11th. I was trouble in the night with thoughts about home which caused me to loose Sleep. At 10 O'Clock<sup>I</sup> started for N. Moores. Came safe & found this to be rest day, no appointment was made.

Tuesday 12th. Through mercy I have been Spared to see this light. Was very poorly with the Colic in the night & so remain. Bro. & Sis. Moore has gone to Church. I am so<sup>ill</sup> I cannot go. In the evening I came to Colo. Taylor some ended in health. Wednesday 13th, Glory to God, I enjoy health of body & Serenity of Soul. At 10 O'Clock I started for Bro. Smiths. Came & Preached with some pain & distress & am but poorly. Thursday 14th. I am tolerable this morning. Came to Bro. Coopers & Preached from Isa xxxii, 17, & had a happy meeting. I now start for Bro. I find myself happy & well, but from some discourse I've just had with a Bro. I perceive I have spoken my mind too freely in this Ct.; therefore am determined through grace to be more guarded than ever. At 10 O'Clock I started for P. Hous. Came & P. from 1 Tim. 111,16. Some seemed to get happy. I went home with Bro. York. Monday 18th. I am not so happy as I want to be. Came to Bro. Joneses & P. from S. Solomon vi, 10 & had a happy meeting. Then came to Bro. Allens. Tuesday 19th. I find myself well & happy this morning. Have P. from 1 Peter 11,4 with light & liberty. In Glass meeting we had great confusion. Sis. Ballard endeavoured to Justify herself altho she had gave Bro. Jackson the lye. Her Son talked very impudent to me, & the Mother & Son both seems possessed with a bad spirit. I came to Old Bro. I thought I addressed Mrs. M. B. on the subject of Matrimony & she refused to alter her station of life which gave me pain. I think the Lord teaches his Children wisdom<sup>d</sup> when asleep as well as when awake. I expect if ever I make myself acquainted with a married life to be very happy or very misserable. I have dreamed four times about that matter. I now give myself to the Lord. I call Heaven & Earth to witness I desire the will of God to be done, only praying God to make it known & give me grace to resign to the same. I have been greatly temped this year. Sometimes I fear I am not saved from Sin. O what an enemy my Flesh is to my Soul. The Apostle says it is better to marry than to burn - Nature is a mistery - Man is a riddle to himself. I want the will of the Lord to be done. I went to Bed but my sleep had left me. This is the first time I ever strictly opened my mind to a Woman on this Subject & she has partly denied me. I expect to be short. Saturday 6th. I spoke to Mrs. M. B. again. I find her mind unsettled. I think she respects me but is not fully determined to change her life. I came to Bro. Haggertyes & found it my home. At night I heard Doctor Coke Preach. Thursday 20th. Conference met (about 60 Preachers present); some Laws were made for the House; a preparatory Committee was Chosen & it was agree'd that the Committee should sitt every Morning at 8 OClock, adjourn at 12 OClock, & the Conference to meet at 2 OClock in the Afternoon, Public Preaching to be at 10 OClock in the Morning & in the Evening by Candle light. Friday 21st. The Conference met at the appointed time, the Committee offered some business. First the Sixteen United States to be divided into 6 parts & 6 Annual Conferences to be held; this was Confirmed. Second, they prolonged the Probation of young Preachers to three Years. This was debated upon warmly, at last put to Vote & cast out. Therefore the Old Rule stands Good. One more Law was made, viz: that no new Law should be made by this Conference relative to receiving or excommunicating Members of the Church, except two thirds of the Members of this Conference Agreed to such Laws or Rules. Saturday 22nd. I was poorly last Night & am so this Morning. Conference met at the appointed time. The Committee layed two Matters before us which took up all the Evening. First, a Form of a Deed, for to hold our Preaching-Houses by, which prohibits all Persons from preaching in our P. Houses save those sent out by the General & Yearly Conferences, & the Trustees have not power to open the Door but the Ruling Preacher alone. This I voted against, because I

think the Trustees ought to have the Power to open the Door. The other Matter was to fix a Fund to supply the wants of Traveling Preachers, their Children, Widows & Orphans. This I voted against, because I think the traveling Preachers who do not get their Quarterage are the proper Objects of Charity & ought to have their wants supplied first. I got so very poorly I came to my Lodging. Sabbath Day 23rd. I am very ill. Took a dose of Ipecacuan & three Spoonfuls of Castor-Oil. In the Evening I came down stairs & took a little refreshment. This is a dear kind Family. Monday 24th. I continue poorly. I rode out with Sister Hagerty & attended preaching. In the Evening Conference met. We had the Deed Charter fund before us again. Tuesday 25th. The Preachers (mostly who were not on the Committee, met in the preachers Room to Discourse on Matters. The Committee was disturbed & Dissolved themselves, & sent Doctor Coke to inform us they desired for us all to meet for the future in a General Conference. (This is what we came together for.) So after preaching we dined & in the Evening at 2 O'clock we met, the Old Charter-Fund was brought on & some particulars Debated upon. I am hurt because so much time is taken up with such Temporallities. Two motions were made & determined as follows, viz: "that a Preacher should be a probationer one year after receiv'd into full Connection before he should be ordained a Deacon except in case of Missioners. This throws the power into the Hands of the Bishop for he stations the Preachers, It was carried. Secondly, that a Preacher should be a Deacon two years before he should be Ordained an Elder, except in case of Missioners. This was carried. Conference Adjourned. I heard preaching & returned to my Lodging poorly. There appears to be a work of God in this Town; some profess to be Converted. Wednesday 26. The Committee being dissolved the Conference met at nine O'clock. A motion was made by Doctor Coke (at the request of others) that Bishop Asbury should have some assistance,

that is to say, an inferior or Subordinate Bishop or Bishops should be made. After much talk (as the matter was new to many of us) it was voted that the Matter should be considered tomorrow Morning. Conference Adjourned. The Conference met in the Evening, (I was so poorly I could not attend) but have been informed they considered the Book business, etc. Thursday 27th. I am poorly. The Conference met at 8 O'clock & after many debates the matter could not be fixed concerning a new Bishop. This being thanksgiving Day, the Conference Adjourned, & the Doctor Coke Preached. In the Evening the Conference met, & an unexpected new matter was layed before us. Bishop Coke offered himself to us without (Dr.)  
(1) any mental reservation, his Pen, his time, his Talents, etc. He withdrew & much was said; the Conference Adjourned & put it off until next Morning. Friday 28th. Conference met agreeable to Adjournment. The Doctor spoke to us upon a very delicate Matter & with great love. Both the Bishops withdrew & in a little time we agreed it should be put to Vote. Bishop Asbury was called in, the Vote was taken. There were 106 Members & but about 7 voted against Bishop Coke's continuing with us. He was sent for; the two Bishops made very solemn Promise to each other & Joined Hands. We had a sweet melting time. After Prayer we proceeded to Business. I moved that the Conference should open a door for our Judicious Local Preachers to be Ordained Elders in the Church. The Matter was put off & we Adjourned. We met in the Evening. I spoke of the Subject concerning the Local Preachers; many talked upon both sides & at last the substance of their Arguments who opposed us was if they were Ordained, they would draw the Peoples Money & Power from Itinerant Preachers. It was put to Vote; they carryed their point by a Majority of two Members. The Conference Adjourned to the appointed time next Morning. Saturday 29th. Conference met & after some small matters were considered upon, One of the Members moved that this G. Conference should

open a Door for the Local Deacons<sup>(who)</sup> should be Ordained Elders; and then the Door should be shut. This I opposed because the Annual Conferences have full Power to make Itinerant Elders, & why have they not Power to make Local Elders. It was debated upon about  $\frac{1}{2}$  the Day & then killed. Conference Adjourned. In the Evening we met & fixed the time & Place for the next General Conference, viz at Baltimore October 20th, 1800. Then Negro Slavery was brought on. At night Conference Adjourned until Monday 9 OClock. Sunday 30th. I heard Bishop Coke preach twice. I continue poorly, therefore shall not attend at Night. Monday 31st. Conference met. The Doctor layed his delicate affair before us, & we granted him liberty to go to Europe & settle all his Affairs & then return to America. Slavery was brought on, many arguments were Advanced. Some were very warm for cutting off all the Members that refused to emancipate their Slaves. This I opposed because it would be an ex post facto Law. I felt willing to shut the Door of entrance against all that hereafter might offer to Join, & was willing that the Children born hereafter should be freed by our Old Members, & no official Persons to hold Slaves where the Laws would suffer them to free them. Much was said but nothing fixed save the vote that was taken against the retrospective Laws taking place. Conference Adjourned. We met agreeable to Appointment. I was so poorly I could not attend continually but found out in the close of the Day found out but little was done, save a Law was made that every Preacher that has the oversight of the Ct. must converse freely with all that offer to Join Society before they are received in. Conference Adjourned. I am poorly with a sore Throat. (The liberal People in this Town have made larg<sup>(e)</sup> Collections to supply the wants of the Preachers. I got my Deficiencies made up for the present year, it being the first time I ever applied since I commenced traveling.) Tuesday, November 1st. Conference met & Slavery was debated upon. The

Preachers & Members are desired to consider the Matter seriously & make known their Minds to the next G. Conference. The making & using of Spiritual Liquors was brought on. Local Preachers Salaries, but nothing done save their receiving Presents if they Choose; we are not to hinder them. Conference Adjourned. In the Evening C. met. The Presiding Elder Ship was debated upon, Mr. Asbury & his party prevented us from Dissolving the Order. Therefore they Continue. Another motion was made where the Preacher should have the sole right to turn out Members. Conference Adjourned. Wednesday 2nd. I left my Bed-Room early & carried some letters to Mr. Sears to convey to Newbern. I returned & Bro. John Morris brought my Horse. I paid him 2 dollars & put my Horse in a stable in this Town. The chance is not good. Conference met. The most important Subject that was brought before us was concerning the rule of turning out Members. It was strongly Argued the Preacher held too much Power, the Society ought to have a Vote & then the Member or Preacher which ever thought himself injured might Appeal to QM. Conference. Others opposed it & insisted the Preacher should have the whole Power. It was put to vote & they gained their point by a small Majority, so the Old Rule stands. The Conference agreed that the Account of monies paid to Objects of Charity out of the Charter Fund should not be printed <sup>(but)</sup> by that a Clerk should keep a true statement of the whole proceedings, etc. Several small Matters were fixed & Conference Adjourned. In the Evening Conference met. Polegamy was debated upon. No Law made but some Advise given, viz: not to receive any Person into Society who had put away a Wife or Husband & married again, no matter what the Crime was that caused them to part. This I do not approve of. Several small Matters were brought on. Conference Adjourned. I long to get away. My Horse is suffering, I am poorly, & one or two of the Preachers have taken the Small-pox. The Lord preserve me, I humbly pray. Thursday 3rd.

Conference met. The subject of Marrying unawakened Persons was brought on. Some wanted it struck out of the Diciplin, but it was voted in with an explanatory note. Several small matters were fixed, & a motion was made who should attend the next G. Conference. It was Voted that all in full Connection were eligiable to a seat in Conference. About 20 minutes after 12 OClock Conference Adjourned untill 1800. I cannot start until Morning. I want the Minutes. Friday 4th. About 12 OClock I took my leave of Bro. Hagerty's Family, came to the Printing Office for the Minutes, but they were not ready. I waited untill 3 OClock, got a few & rode to Sister Doseys. Heard Bro. Watcoat<sup>(h)</sup> preach, Bishop Coke & Bishop Asbury exhort. Saturday 5th. We rode to Bro. Turners. Sabbath Day 6th. We had a long fatiguing ride to The Ferry. His Wife told us they went to Bed as well as common, but when she awoke in the Night season her Husband was down on the Floor with his Stick fighting of<sup>(f)</sup> something, but she saw nothing and the doors shut. He could not speak a word; he had lost his Speech & continued so. He appeared to be in his Senses, could Wright and make many Motions & Signs. I saw his writing, part of which was as follows. "It was the old Boy I fit. He got the best of me. I see him now. He is in me. I can't cast him out. I want to (or will) drownd him with the Swine." He undertook to describe the Devil in a frightful manner, with great Eyes like the fire. He showed some present several bruises on his Body & told them the Devil made them; also showed us how the Devil seized him. I exhorted him to put his trust in God & pray for Deliverance, but he took his Testament & showed me the iv Chapter of Mark, 11,12, verses. above Tweedle was an uncommon wicked Man, had led a lewd Life, and the woman he then had was not his right wife. Also he had been a great Blasphemer. After we came to her Mother's, she kept out of my company & her Countenance was gloomy. I gave her a Letter to read which I had written to her. A little before I went to Bed I wrote her the following Note, viz: "Worthy Miss Polly, if my proposals are to Subside forever, please to return my Letter. If not, retain it. She returned it & had my cloths put on the Table in the Room. I lodg'd in. I can't describe my exercises, & never want to experience the like. I yet love her & wish her well. Sunday 7th. I was awake almost all the Night. Sister B. Hanks persuaded me not to give out Polly did love me, but her mind was confused. Before I started to preaching she put herself in my way and I talked greatly to her. She went with me to preaching & seem'd to respect me. I preached from 11 Cori.xiii, 5. Had a good Meeting. Miss Polly went with us to her Brother in laws (Mr. Dickin's) but returned to her Mother's before Night. I continued. Bro. Evans met me; we had a great deal of Conversation. Monday 8th. Bro. Evans & I came to Mrs. Moores. I felt determined to be on or off. I talked with dear Miss Nancy & found she was disturbed with herself for forming unfavourable Opinions of me at first. She talked a long time & asked my pardon, which I granted. I then took my dear Polly in the Room & we had a long talk. She treated me with

cander & informed me of her difficulties. I felt very tender, but had to attend my Appointments. Came to Garrand's & preached from John xvi, 20; had a sweet time. I return'd to Mrs. Moore's. Was well received by all the family, and in the Evening had a long talk with the Old Lady. She was very agreeable. Tuesday 9th. We all started to Mr. Phillips Moore's Marriage. It was twelve miles to Mr. Cane's. I had a long conversation with Miss Polly. My very Soul loves her & I believe she has Affection for me. We agreed to have a final settlement on Monday week, which is to be the last time I am to wait on her if she will not comply. We spent the Evening at Mr. Cane's. I married the two Persons, held worship with the Company. Wednesday 10th. O! how I love my precious Polly. She looks pleasing at me. We all came to Mrs. Moore's & met with an agreeable Company. We had a sweet time at family Prayer. After all went to Bed my dear Polly & I spent about two hours talking in the Hall. She has a great regard for me. We have not agreed to make up the important Matter yet. I got a sweet kiss & took my leave of my Love, then went to Bed. Thursday 11th. I found myself refreshed, fixed up, parted with all my worthy friends here & rode to Roberts M. House & preached from the "Blind Man". Then came to friend Harris's. This is my Spiritual Birth Night. Lord, save & direct me in all things. Friday 12th. I came to bro. L. Moore's & preached from 11 Peter iii, 17, 18. Had but few Hearers; the Weather is very Cold. I started & came to bro. Harris's a little in the Night. Saturday 13th. I preached from 11 Cori. xiii, 5. Sunday 14th. I started early & rode through the cold to Collier's Church & preached from 11 Timo. ii, 11, 12; then came Home with bro. Town. O Lord, search me & try me, is there any Evil way in me. Have I Thought<sup>d</sup>, Spoken, or Acted Wrong. Monday 15th. I preached from Ps. cxxv, 1. This is a cold place. Lord help me to do my duty. My Mind has been discomposed this Morning. I hope by this Day

Week my Mind will be fixed some way. Lord grant it may be right & all things brought about for the better. I feel my heart drawn out in prayer for my dear Polly's welfare. I sincerely love her & wish her well in time & Eternity. Tuesday 16th. I came to Wright's M. House & preached from 1 Peter iv,18. Then went to bro. Milum's (a local preacher), Wednesday 17th. I preached with liberty from 11 Cori.iii,18, met the Class, then fixed up & rode to Mrs. Moores. I have now come agreeable to my Appointment with Miss Polly. We had Prayers & Exhortation. At a late Hour I had some Conversation with Miss Polly. I find her mind altered in a very great degree since I parted with her last, which has been only ten Days. She is cold in affection towards me and says she is not inclined to Marry. Gave me no pointed Answer but is to do it early in the Morning. I went to Bed after one OClock but slept very little. My Mind is greatly discomposed. LORD, what is Man. What a poor frail Creature. Monday 22nd. I arose early. After Prayers Miss Polly told me plainly she was not inclined to Marry. I asked her for my Letter which she handed me. I have as much to bear as I can. O! why did I not know this sooner. I have too good an Opinion of Miss Polly to think she intended to deceive me, but I fear she has been too credulous in believing illnatured things of me which have been propagated by some mean Soul. I shall ever strive to esteem her as a christian Sister & Lady till I am convinced otherwise. O! What do I feel. How sensibly am I pained. Could I think she never had an Affection for me I would not regard it; but when I parted with

her last her respect was so great I would have willingly married her. What a change I find. Women & Men are changeable Creatures. What a Vortex in Polly's Breast, her Mind easily turn'd. How shall a Man know when a Woman loves him. Bro. Evans is here; we call'd the Family together & held prayers. I took my leave of the Old Lady & thanked her for the treatment I had receiv'd in her House. I then took my leave of Miss Polly exhorting her to meet me in Heaven. Then wished all the family well, came off and rode by the Court House up to R. Owen's on Hico. For about Six Hours I felt heavy distress such as I havn't felt often in my Life. I could not get my Mind composed. Constant thinking of those busy Persons who had injured me. At bro. Owen's late in the Evening I walked out in the old Field & went to prayers. The Lord gave me some comfort. I feel my Mind greatly eased & hope to live more than ever for GOD. Tuesday 23rd. I came to bro. Hebron's & preached from Ps.xl,1-3. What a happy thing it is that every temptation is not a Sin. Lord, I want to do thy heavenly Will. Give my Soul power over the Body. I often think it would be best for me to be married. O! that the Lord may direct me to the Object. I pray for Death rather than I should live to offend my GOD. I rode to bro. Edmund Taylor's. Friday 15th. I rest & have some work done. Saturday 16th.
